Introduction

Delhi Minorities Commission (DMC) is pleased to bring out this small book as part of its ongoing awareness drive about the role, function and mandate of the DMC as well as about various welfare schemes launched by the Central and state governments for the recognised religious minorities (Muslims, Sikhs, Christians, Jains, Buddhists and Parsis).

In addition to their share in general welfare schemes, the minorities are also entitled to certain special facilities designed to uplift them socially, economically and educationally to be at par with the mainstream. More information about these schemes is available on the Union Ministry of Minority Affairs' website (<http://www.minorityaffairs.gov.in/schemesperformance> / <http://www.minorityaffairs.gov.in/schemesperformance/scholarship-schemes>) while the Delhi government schemes are available on SC/ST/OBC/Minorities Directorate's website (http://www.delhi.gov.in/wps/wcm/connect/DoIT_Welfare/welfare/home/). Dates of opening and closing of various schemes are also found on these websites and published in the media from time to time.

DMC's role and mandate is limited to the area of the National Capital Territory of Delhi but it covers much more in terms of protection of the rights of minorities and ensuring their inclusion in all welfare schemes, Central as well as state.

DMC also takes care to intervene with government and other departments and organisations on collective or individual issues faced by minorities. It takes *suo motu* notice of problems and conducts research and studies about issues concerning minorities. It also collects information and details about the position and representation of minorities in society and various government departments. This information is published through media as well as in the annual reports and special studies brought out by the DMC from time to time.

We invite all minorities in the NCT of Delhi to approach DMC for both individual as well as collective problems faced by them.

We are committed to serve the minorities within the terms of DMC's Act. Anyone having a problem is welcome to approach us personally, by post or email.

Our thanks are due to DMC officer Shri Pankaj for collecting information about various Central and state schemes for minorities.

Delhi Minorities Commission

Delhi Minorities Commission was established by the Government of NCT of Delhi in 2000 after the passage of the Delhi Minorities Commission Act 1999 (http://www.delhi.gov.in/wps/wcm/connect/doit_dmc/DMC/Home/DMC+Act) to safeguard the rights and interests of the minority communities in the NCT of Delhi and for matters connected therewith or incidental thereto.

Minority Community means a community notified as such by the Central Government as per the provisions of the National Commission for Minorities Act 1992. Muslim, Sikh, Christian, Parsi, Buddhist and Jain communities are declared as minority communities in the NCT of Delhi. According to the DMC Act, its functions and powers are as follows:

Functions and Powers of the Commission

- (1) **The Commission shall perform all or any of the following functions:**

 - (b) monitor the implementation of the policies and schemes of the government for the welfare of Minority communities;
 - (c) conduct studies, research and analysis in order to make recommendations to promote the socio-economic uplift of the Minority Communities and facilitate their optimum participation nation-building;

The Commission shall prepare every year an Annual Report giving a true and full account of its activities during the year, along with its recommendations, and copies thereof shall be forwarded to the Government. The government shall without delay cause the same to be laid before the House of the Legislative Assembly of Delhi along with a report setting out the action taken, or proposed to be taken, on the recommendations and the reasons for non-acceptance, of such recommendations.

Special Report

The Commission may submit to the Government special report on any matter or public importance pertaining to the interest of the Minority Communities.

Right to be heard

In case of non-acceptance of any recommendation, the Commission shall have the right to be heard by the Minister-in-charge.

Quasi-judicial powers

2. requiring the discovery and production of any document;
3. receiving evidence on affidavits;

Power to utilize services of agencies

The Commission may, for the purposes of conducting any examination under this Act, utilize the services of any agency of the government with the prior approval of the government.

Grievances Redressal Mechanism

1. DMC is a redressal forum for grievances received from people of minority communities.
2. An individual can file a complaint either online or in person or by post against any deprivation & discrimination on grounds of religion of the minority community. The Commission calls for a report from the concerned Department or Agency on the complaint. The report is examined in the Commission *vis-à-vis* facts given in the complaint. If required, the complainant is asked to send some fresh facts or file a rejoinder keeping in view the report of the Department/Agency. Wherever it is felt to take up hearing of the case, both the parties are called before the Commission to present their views and counter views, and based on the same the Commission takes its decision. Wherever required, the concerned Department/Agency is given appropriate directions to resolve the grievance/complaint of the petition/complainant in a time bound manner. However, whenever and at whatever stage, the Commission feels that no further intervention is required, the case is closed. The ultimate objective remains to resolve the grievance/complaint of the

petition/complainant to the maximum satisfaction of the petitioner/complainant.

3. The complaints received from persons other than those belonging to minority communities or anonymous complaints or against matters which are sub-judice, are not entertained.
4. As a redressal forum, it is a quasi-judicial body having all the powers of a civil court to the extent of enforcing attendance of witnesses and summoning records, recording evidence on oath, while trying a suit.

Study of Problems and status of Muslim graveyards in Delhi

It is an exhaustive study on the subject in 96 A4 pages. It has been completed on behalf of the DMC and will be published soon. It highlights that out of Delhi Waqf Board's 624 registered graveyards, only 131 are left intact today and even out of these, there is litigation about 16 graveyards, hence they are not functional. Moreover, there have been encroachments in 43 of the existing graveyards. Land of the lost graveyards has been grabbed by government agencies as well as by the public including Muslims. The study warns that at the current rate of usage, there will be no space left for burial in Delhi graveyards after only two years. The study suggests a number of measures to tackle this situation including use of *kaccha* graves allowing for reburial in the same space after a few years.

Status & Problems of Christian Cemeteries in Delhi

It is a full-fledged study based on ground research about the current condition of Christian burial grounds in the NCT of Delhi. The study finds that there are 13 Christian burial grounds in Delhi out of which seven are open or functional at present for fresh burials. It shows that there is an acute shortage of burial space for the Christians of Delhi. Seven areas of Christian concentration in Delhi do not have any cemeteries. The study also covers burial practices in some other countries and offers a number of suggestions to solve the acute land problem faced by the existing burial grounds. Suggestions include installation of cell-like structures inside cemeteries, underground construction of graves, vertical burial and opening of some cemeteries which are closed now and use of new eco-friendly techniques including re-burial in old graves. This study will be published by DMC soon.

CENTRAL AND STATE GOVERNMENTS' PROGRAMMES FOR MINORITIES

Prime Minister's 15-Point Programme

Prime Minister's New 15-Point Programme for Welfare of Minorities aims at

(A) ENHANCING OPPORTUNITIES FOR EDUCATION

(1) Equitable availability of ICDS Services:

The integrated Child Development Services (ICDS) Scheme is aimed at holistic development of children and pregnant/lactating mothers from disadvantaged section, by providing services through

Anganwadi Centres such as supplementary nutrition, immunization, health check-up, referral services, pre-school and non-formal education. A certain percentage of the ICDS projects and Anganwadi Centres will be located in blocks/villages with a substantial population of minority communities to ensure that the benefits of the scheme are equitably available to such communities also.

(2) Improving access to School Education

Under the Sarva Shiksha Abhiyan, the Kasturba Gandhi Balika Vidyalaya Scheme, and other similar Government schemes, it will be ensured that a certain percentage of such schools are located in villages/localities having a substantial population of minority communities

(3) Greater resources for teaching Urdu

Central assistance will be provided for recruitment and posting of Urdu language teachers in primary and upper primary schools that serve a population in which at least one-fourth belong to that language group.

(4) Modernizing Madarsa Education

The Central Plan Scheme of Area Intensive and Madarsa Modernization Programme provides basic educational infrastructure in areas of concentration of educationally backward minorities and resources for the modernization of Madarsa education. Keeping in view of importance of addressing this need, this programme will be substantially strengthened and implemented effectively.

(5) Scholarships for meritorious students from minority communities

Schemes for pre-matric and post-matric scholarships for students from minority communities will be formulated and implemented.

(6) Improving educational infrastructure through the Maulana Azad Education Foundation.

The Government shall provide all possible assistance to Maulana Azad Education Foundation (MAEF) to strengthen and enable it to expand its activities more effectively. *(For more on MAEF, please see below).*

(B) EQUITABLE SHARE IN ECONOMIC ACTIVITIES AND EMPLOYMENT

(7) Self-Employment and Wage Employment for the poor

The Swarnjayanti Gram Swarojgar Yojna (SGSY), the primary self-employment programme for rural areas, has the objective of bringing assisted poor rural families above the poverty line by providing them income generating assets through a mix of bank credit and Governmental subsidy. A certain percentage of the physical and financial targets under the SGSY will be earmarked for beneficiaries belonging to the minority communities living below the poverty line in rural areas.

The Swarnjayanti Shahary Rohgar Yojna (SSRY) consists of two major components namely, the Urban Self-Employment Programme (USEP) and the Urban Wage Employment Programme (UWEP). A certain percentage of the physical and financial targets under USEP and UWEP will be earmarked to benefit people below the poverty line from the minority communities.

The Sampurna Grameen Rozgar Yojna (SGRY) is aimed at providing additional wage employment in rural areas alongside the creation of durable community, social and economic infrastructure. Since the National Rural Employment Guarantee Programme (NREGP) has been launched in 200 districts, and SGRY has been merged with NREGP in these districts, in the remaining districts, a certain percentage of the allocation under SGRY will be earmarked for beneficiaries belonging to the minority communities living below the poverty line till these districts are taken up under NREGP. Simultaneously, a certain percentage of the allocation will be earmarked for the creation of infrastructure in such villages, which have a substantial population of minorities.

(8) Upgradation of skill through technical training

A very large proportion of the population of minority communities is engaged in low-level technical work or earns its living as handicraftsmen. Provision of technical training to such people would upgrade their skills and earning capability. Therefore, a certain proportion of all new ITIs will be located in areas predominantly inhabited by minority communities and a

proportion of existing it is to be upgraded to 'Centres of Excellence' will be selected on the same basis.

(9) Enhanced credit support for economic activities

The National Minorities Development & Finance Corporation (NMDFC) was set up in 1994 with the objective of promoting economic development activities among the minority communities. The Government is committed to strengthen the NMDFC by providing it greater equity support to enable it to fully achieve its objective.

Bank credit is essential for creation and sustenance of self-employment initiative. A target of 40% of net bank credit for priority sector lending has been fixed for domestic banks. The priority sector includes, inter alia, agricultural loans, loan to small-scale industries & small business, loans to retail trade, professional and self-employed persons, education loans, housing loans and micro-credit. It will be ensured that an appropriate percentage of the priority sector lending in all categories is targeted for the minority communities.

(10) Recruitment to State and Central Services

In the recruitment of police personnel, State Governments will be advised to give special consideration to minorities. For this purpose, the composition of selection committees should be representative.

The Central Government will take similar action in the recruitment of personnel to the Central police forces.

Large scale employment opportunities are provided by the Railways, nationalized banks and public sector enterprises. In these cases also, the concerned departments will ensure that special consideration is given to recruitment from minority communities.

An exclusive scheme will be launched for candidates belonging to minority communities to provide coaching in Government institutions as well as private coaching institutes with credibility.

(C) IMPROVING THE CONDITIONS OF LIVING OF MINORITIES

(11) Equitable share in rural housing scheme

The Indira Awaas Yojna (IAY) provides financial assistance for shelter to the rural poor living below the poverty line. A certain

percentage of the physical and financial targets under IAY will be earmarked for poor beneficiaries from minority communities living in rural areas.

(12) Improvement in condition of slums inhabited by minority communities

Under the schemes of Integrated Housing & Slum Development Programme (IHSDP) and Jawaharlal Nehru Urban Renewal Mission (JNURM), the Central Government provides assistance to States/UTs for development of urban slums through provision of physical amenities and basic services. It would be ensured that the benefits of these programmes flow equitable to members of the minority communities and to cities/slums, predominantly inhabited by minority communities.

(D) PREVENTION & CONTROL OF COMMUNAL RIOTS

(13) Prevention of communal incidents

In the areas, which have been identified as communally sensitive and riot prone districts and police officials of the highest known efficiency, impartiality and secular record must be posted. In such areas and even elsewhere, the prevention of communal tension should be one of the primary duties of the district magistrate and superintendent of police. Their performance in this regard should be an important factor in determining their promotion prospects.

(14) Prosecution for communal offences

Severe action should be taken against all those who incite communal tension or take part in violence. Special court or courts specifically earmarked to try communal offences should be set up so that offenders are brought to book speedily.

(15) Rehabilitation of victims of communal riots

Victims of communal riots should be given immediate relief and provided prompt and adequate financial assistance for their rehabilitation.
